The Inaugural Otway’s Educational Conference

Planning is well underway for our Otway’s Educational Conference to be held from December 2nd through to December 4th at the Lavers Hill campus.

One of the key goals of the event is to strengthen relationships between schools to promote the most efficient sharing human, physical and intellectual resources.

The focus will be on the following:
- Country Education Project
- Adult and Community Learning
- New Pedagogies for Deeper Learning
- Student Engagement
- Digital Technologies
- Outdoor Learning
- Student Leadership

Participants will be able to engage in a range of workshops run by experts in the aforementioned areas. For example representatives of Digital Learning and Teaching Victoria will show how rural schools can use technology to enhance the range of subjects students can access through virtual learning. Joanne Tate from Digital Learning & STEM Branch will explore how to connect in a global context with overseas schools to expand student’s learning experiences. She has already been instrumental in linking us with our Korean partner school.

Local businesses have been working with us to provide accommodation and catering that will show the wonderful tourist opportunities the area provides in abundance.

It is an exciting project that will showcase the College and the many opportunities provided for the entire community.

Tony Grayden—Assistant Principal

We then went on to make a beautiful Lester or Clyde puppet. We then did some singing with our puppets.

We discussed the following questions in regards to Lester & Clyde
- Who pollutes?
- Why pollute?
- What kinds of pollution?
- Who/What is effected by pollution?
