Assistant Principal Report

Lavers Hill P-12 College continues to forge ahead with innovation and relentless quest for excellence. Students from the year 5-8 program joined our Korean partner school in a highly successful digital link last Wednesday. Gancheon Elementary School in Daegu, South Korea taught us a traditional dance featuring elaborate costumes and traditional music. Our students responded with a comprehensive video presentation featuring the unique flora and fauna of our local environment. The response from the Korean students was quite animated and they were clearly engaged in activity.

This was followed up on Friday when our school was represented in a formal signing of a memorandum of understanding between all the schools in both countries involved in the project. This was again facilitated by the use of digital technologies.

It was very moving to witness the genuine commitment all participants have to promoting respect, understanding and educational opportunities for students.

The recent Insight into Democracy forum conducted at the college blends students, teachers and community members. A wide-ranging discussion of contemporary issues and topics was held in a true spirit of enquiry and excitement. Again our students embraced the challenge with vigour and diligence.

Community members are reminded that a student free day will be held on MONDAY 23rd November for Report Writing.

Middle Years: Insight into Democracy

The Middle Years held a discussion forum called ‘Insight into Democracy’ on Monday 2nd November. Karma, Jai and Grace did an excellent job facilitating the lively discussion about values and democracy. A number of parents, teachers and community members attended to share their views and help the students extend their thinking around these topics. Many of the guests commented on the thoughtfulness and confidence of the Middle Years students’ comments in the discussion.
