

## Adult Learning is 'Alive and Well' at the College

I would like to congratulate both Missy and Hannah on their completion of challenging Further Studies based at the College.

Missy has recently completed her Certificate 3 in Education Support. She has studied very hard and steadily over the past year while also working at the College as an Integration Aide. When I asked Missy what was the hardest thing she said 'returning to study was a big challenge. Being in the classroom helped a great deal to make the learning relevant'.

I also asked what she enjoyed about the College?. Missy replied, 'Everything, I love working with the little ones and even hate having a sick day'. Missy is not taking a rest and has enrolled in the Cert 4 program in Education Support and is looking forward to using all the skills she has learnt.

Hannah has also completing a Certificate 3 in Early Childhood Education and Care. When I spoke to Hannah she said 'the best part was the practical aspect, setting up experiences in the Kindergarten, while the hardest thing was finding time to study. The challenge has been finding the 'work life balance' she said.

Hannah has been doing a wonderful job working in the kindergarten and is looking forward to continuing to both study and work with our youngest learners.

Welcome to Fufu, our newest enrolment.

And a big thank you to Sammy for all her wonderful work with our Jungle Book Scenery and Props.

As I type this, the final touches are being added to the hall for the College Production with the Matinee @ 11am Wednesday 31st and the Main Show @ 7pm Thursday 1st September.

We are very excited to have 70 students from Apollo Bay coming along for the Matinee.

MISS C.

If you don't already know Miss Collingbourne is our VCE Co-ordinator. I've known her for 5 years and she's been great. As well as being my teacher she's a great support and we have been through a lot in the past few years.

We have had our ups and downs. What I like is that she's always stuck by me.

Whilst she can be strict and harsh she's got a heart of gold.

She is very loyal and always gives you the help you need.

# PRE-SCHOOL NEWS

A fire truck was added to the fire station this week. It was very busy travelling around to the emergencies and quite often was involved in an accident. The children used their problem solving and communication skills to build it back up again. We also discussed what we would do if we were on fire. Alexander demonstrated, stop, drop and roll while Mason helped put the fire out.

Charades has been very popular at kinder. The children were able to choose from an animal, an action or an object. Using their creativity and non verbal skills and acting talent they were able to entice the other children to have a guess. It has been a lot of fun watching and assisting with this game.

## Rehearsal

Great effort everyone on the second rehearsal at the hall! Everyone marched up on to stage with great confidence and embraced the challenge of following the Lieutenant.

## Upcoming Events

**Fire Truck** – On Tuesday 30<sup>th</sup> August we will have a visit from the CFA fire truck. We will schedule a fire drill for kinders next week.

**Jungle book production dress rehearsal** - Tuesday 30<sup>th</sup> August – 9.45am-10.15am.

**Special Canteen** – Thursday 1st of September. Special menu is on kinder notice board. This will be the last canteen for the term.

You should have received a letter with the full run down of how dress rehearsals and Production performances will run. Be sure to read it carefully and highlight when you are required as all of you have a very important role in the production. No matter whether your front of stage, a cast member or back stage this performance cannot run smoothly without everyone's co-operation and participation.

With this in mind I would like to thank each and every one of you for your part in this journey so far.

I am so very proud of the dedication and persistence shown by our very talented cast members to master their character and find the inner animal in you! You made a commitment months ago to do this and through your own continued perseverance you have worked individually and then together to get you to where we are today.

This year's challenge for me was having enough roles for the amount of very keen and willing students who wanted a lead role at auditions! I thank our cast leads who have stepped up into their own roles as well as encouraging our younger cast members too! At this time I wish to celebrate each and every one of you and thank you for your courage and dedication which has helped to make this year's production another success.

I am also so glad that the other senior students have embraced the production in other ways most taking on a role in props construction, back stage crew, lighting, make up, junior support, choreography and more. Your contribution is so important and we thank you for supporting the production the way you felt comfortable!!

I know I can't make you all into performing 'STARS' but we cannot put on a show without a crew of helpers and I am so happy we are here about to show our small community what we can do when we work together collaboratively as a team.
